MARIAHS P.O.V

" Yes i would love to go on a date with you mari"

We just spent the rest of the day cuddling and watching netflix and or listening to music. We were also posting pics on Snapchat,Instagram, Facebook,Twitter. The pics were us laying on each other, funny pics, us kissing and many more. when she went to the bathroom i put me as her lock and home screen and then i saw a snapchat on my phone telling me that being gay is a sin and that im a sin. i tried not letting it get to me.

"Mari whats wrong love?"

Its the day of our date she had just left my house to get ready for our date.

I jumped into the shower washing my hair with my strawberry shampoo and washed my body with my vanilla body wash. I got out of the shower put on some sweats and a sports bra then blow dried my hair and i curled it and then i worked on my make up which consisted of foundation, eye liner, mascara, eye shadow, and lipstick. I then went to my room and pulled out a high low dress that was black and white with a pair of black flats. I then went to pick Summer up i went up to her door and knocked on it her mum answered the door she told me summer going to be right down. That is when i saw her i have to admit that she look very sexy. She had a short flowy dress that had a flower print her hair was lightly curled and her makeup was on point. I hugged her mom and took summers hand and walked her to the car i opened her door and

closed it and ran to my side of the car

"we are going to dinner and then we are going to take a walk on the beach"

“ok “

she grabbed my hand and placed her hand and my hand on her lap as i drove one handedly. she turned the radio on and we sung along to the songs we knew that were playing. We pulled up to Ocean Ave. which is a expensive restaurant.

“Babe this is expensive “

“ its fine babe i picked to go here”

“ ok “

we walked in and they should us to our table. We had ordered our drinks as we looked at the menus. I was looking at a shrimp salad. We ordered the same thing. As we waited for our food to come we talked about random stuff from like kittens to dying because you laughed to hard. When our food came we still talked about everything under the moon. After i payed we started walking on the beach i had stopped and wrote” Summer will you be my girlfriend?” in the sand.

“yes i would love to Mariah”

I kissed her and then i checked the time . It was 9:30 and i had to get her home by 10:15 and it's a 45 min drive. So me and her walked to the car and started to drive home. When we arrived at her house i kissed her goodnight when her little brother opened the door. Hes not really little he's 15.

“ guys thats hot”

we ended up laughing and she hit her younger brother in the back of the head

That night was the best night of my life.

Well i got in the shower and did what i normally would do but i used a special shampoo that smells like Skittles which is her favorite candy. i got out of the shower got to my room and pull out my high low mint green skirt with my black crop top and my stomach ring with my lip ring. I curled my pastel purple and blue hair and did my make up i drove to my Best friends house. She doesn't know about it she said people with lip peircings are hot. I was about to know when i was pulled inside. She pulled me inside and gave me a gift it was a hand made choker that her Aunt made for me. Cause her aunt loves me she also thinks me and lena should be together.

"Earth to summer"

"sorry mariah "

"when did you get your lip pierced?"

"when you were gone"

"why?"

"because the girl i like thinks that lip piercings are hot but it is sad shes straight"

"summer i need to tell you something"

"yes mariah"

"how did you know you had feelings for a girl?"

"you just know"

thats when she did it she leaned in and kissed me. She pulled back before i can kiss her. so i leaned back in and gently kissed her lips. I was about to pull back but she started kissing back. Thats when we heard someone clear their throat. we both pulled away and looked up to see her mum who looked pissed off.
